Mark Prather of Manchester Well Known in This City.

Mark Prather, who is supposed to have killed himself by jumping from the C. and O. Bridge in Cincinnati, is a son of Rev. John Prather of Manchester. He has a wife and infant son.

On June 23, on the farm of Carolina Stevenson, on a farm six miles East of Manchester in Ohio he killed Mann Irwin by shooting him twice with a shotgun and striking him over the head with the gun. The cause of the trouble was a remark said to have been made by Irwin to Prather's wife. Prather was a globe trotter, having made a tour to England and continental Europe when less than 16 years of age. His people are highly respectable, and he was well known in this city and vicinity.

During last May an infant child of our neighbor was suffering from cholera infantum. The doctors had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days time the child had fully recovered. The child is now vigorous and healthy. I have recommended this remedy frequently and have never known it to fail. Mrs. CURTIS BAKER, Bookkeeper, O. Sold by J. Jas. Wood & Son, Druggists.

BEHIND THE SCENES.

The Ledger Scribe's Visit to Buckskin Bill's Wild West Show.

Few persons who sit witnessing a performance little think how great has been the expense and how laborious the work attaching which went before the enjoyment could be seen.

Through the courtesy of Mr. J. Russ Smith, Manager of Buckskin Bill's Wild West, THE LEDGER scribe was yesterday carefully conducted behind the scenes and is able to give the public a practical insight into what was to him a most interesting pleasure.

Work, hard work, is the lot of the men who look after the erecting and shipping of such an aggregation.

Possibly the most essential tent of the whole lot is the one devoted to cooking and serving food for those who travel. As soon as the show arrives the chief cook has his range placed and his dining tent spread. A regular sheet steel range, such as would do service in a big hotel, is carried. The food is prepared in iron vessels and pans in quantities sufficient to feed the 300 men, women and children; granite ware plates, cups, saucers and dishes make up the table service; great cleanliness prevails and the food is not only wholesome but very inviting.

The greatest care is taken to prevent any but employees enjoying this privilege. To each boss is issued as many meal tickets as he has men under him; these must be returned each night to the Manager.

Separate tables are placed for each Nationality and grade and the most respectful behavior is observed.

Possibly the most interesting sight enjoyed was the Indian reservation, which was made up of tepees to house thirty-six chiefs, bucks, squaws and papooses. During the visit preparations for the performance were being made,—traps conveniently placed, costumes laid out, paint applied and the most minute details looked after with system and order.

This camp is hired from the Government and is under the control of a United States Marshal. None of the tribe which belongs to the Sioux Nation can speak English very intelligently and the apparent dislike to the white man shows itself in more ways than one. The squaws were engaged in nursing their papooses, the bucks smoking or sleeping, while the leaders were superintending preparations for the performance.

A very noted Indian Chief is with this party. His name is Short Bull, a swarthy, copper-colored fellow, tall, muscular and broad,—quite the opposite of his name. He is famous in history as having lead the posse of Indians against the United States soldiers a few years ago at Pine Ridge, I. T. Negotiations had been made for a pipe of peace, and acting in good faith the Americans met at the appointed place to execute the act. At the expected moment, instead of the pipe, all of the Indians threw back their blankets, and with rifles, massacred the soldiers. Short Bull was the traitorous leader, and from this devilish act comes his fame.

The hour for the performance having arrived the tour of inspection ceased and seated before the arena understood better the many feats which Buckskin Bill's show gives.

IN FRONT OF THE SCENES.

Since witnessing the performance we are constrained to believe the best part of Buckskin Bill's show is as we have pictured it—the hidden part. But inasmuch as 3,000 persons, or thereabout, saw the show it will hardly be right to repeat what Barnum said. However, the attractions at our Fair are bona fide and the public can rest assured of no humbug nor fake. So be wise and heed the expression, "All is not gold that glitters."

Deafness Cannot Be Cured By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free. F. J. CUREY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

News, news, news! It's enough to give a man the blues. Nobody married and nobody dead; nobody broken an arm or a head; nobody came in to talk of the "crap;" no one got boozy and started a scrap; no one got run in for taking a horn; nobody buried and nobody born. Oh, for a racket, a riot, a fuss! Someone to come in and kick up a muss; someone to stir up the peace-laden air; somebody's comment to give us a scare. Somebody thumped within an inch of his life; somebody run off with another man's wife; someone come in and pay up their dues; anything, anything, just so it's news.

Question Answered.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for Indigestion or Biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart Failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. For sale by J. C. Peck.
